Subject: RE: Public Water Supply Contingency Plan Update
Attachments: image002.jpg; image003.png

Brian,

Thank you for the report. My understanding was this was a draft and the water districts would be able to provide comment. MWD will be commenting within a few days. Would you be able to forward the Excel Spreadsheets used to come up the values? Thank you.

Stan Carey, Superintendent
Massapequa Water District

Subject: Public Water Supply Contingency Plan Update

All:

On behalf of the Navy please find attached an update to the PWSCP. This update includes development of trigger values for the new outpost wells recently installed upgradient of South Farmingdale Plant 6 and Massapequa water supply wells 6442 and 6443.

Please let me know if you have any problems opening the file.

Regards,
Brian
